Dear Mr. Wooley,

Thank you for the additional materials sent, and I'm pleased to let you know that both Alexander Wilson and Rosetta Field have now been accepted, both for the year 1808 in Warren co. Genetta Wilson can be added (for next year) if you care to send a census or other such record indicating her year of birth as c 1809 and place being OH. Oops, guess a census wouldn't work since she died in 1840, but nevertheless if you can prove date and place, we'll be more than happy to add her. Congratulations on your FFO membership!

THE WILSON FAMILY
Of Princess Anne, Norfolk, Etc.

Thomas Wilson, the Emigrant from the Island of Great Britain, intermarried with a Miss Willis [There is no record evidence for Thos. Wilson or his wife] and settled in Princess Ann Co., at or near the Poplar Grove, where he raised a numerous family of sons and daughters. John the elder is understood to have early moved up the Chesapeake bay and most likely, settled on the waters of the Potomac. Solomon and Willis intermarried in the Neighbourhood of their birth and raised large families of children. Samuel the third son, intermarried with a Miss Mason and died in Norfolk, about the year 1710, leaving his wife pregnant, who bore him a son named Willis, who came into the care of his Uncle Solomon Wilson. He was a clerk to one of the County Courts of that Section of the Country.

Willis having been instructed in the art of navigation which was a favorite pursuit of the family made himself what was at that day termed a sea captain. In his voyage up James River he became acquainted with a Miss Goodrich, with whom he intermarried about the year 1732 and had or left an only son by the name of Benjamin, born 26th Dec. 1733 at or near the mouth of the Chickahominy River, the patrimonial estate of his grandfather Benjamin Goodrich who left two daughters Elizabeth the wife of Willis Wilson and the wife of Samuel Boush of Norfolk. Willis Wilson died in the year 1740, a member of the House of Burgesses, his son Benjamin being disappointed in the enjoyment of his patrimonial estate from his father and mother, she having married a second husband transferred his interest, with her own to him, and his great uncle Solomon Wilson, who raised his father, had dissipated what belonged to him, so that Benjamin had very slender means with which he moved at an early age and settled on the Willis River in the County of Cumberland, about the year 1750.

He intermarried with Anne Seay daughter of James Seay a Hugeunot family from the waters of York River and had issue seven sons and six daughters, Mary, Elizabeth, Willis, Benjamin, Anne, James, Mason, Samuel, Mathew, Alexander, Goodrich, Mantua and Unity.

Benjamin Wilson died the 27th Oct. 1814, and Anne his wife on the 26th of April 1814, having lived together man and wife sixty years, the wife being one year the youngest.

This record was made by Willis Wilson in his family Bible. He died at Bonbrook, his residence in Cumberland Co. Feb. 10th 1822.

Mary, oldest daughter of Benjamin Wilson and Anne Seay married Thomas Munford of Cumberland Co., their only child Mary Thomas Munford married Joseph Hobson of Cumberland and they lived at the Blenheim Estate in Powhatan Co. and had the following children: Phoebe Anne, Joseph Virginius, Thomas Ludwell, Maria, Mary, John Caleb, Lavinia, Sarah Booker, and Willis Wilson.

Phoebe Anne married Hilary Harris of Buck Hil They lived at Mill Quarter, Powhatan Co. and had tl ren: Mary Maria, Joseph, Anne Lavinia, John Wilson, Christiana, Abner, Sarah Octavia, Willis Overton, N Fanny Morton.

INTRODUCTION

During the past ten years, the Alexandria Library, Lloyd House, has undertaken a project to compile a listing of obituaries from the *Alexandria Gazette* newspaper. One of the oldest journals in the country, a forerunner of the *Gazette* commenced publication in 1784.

Obituaries provide the historian and genealogist with a wealth of information. They allow the researcher to establish kinship relationships and assist in "fleshing out" the historical figure in question.

Early death notices from the *Alexandria Gazette* are for the most part quite terse. One or two lines in length, they may recite the descendant's name, age, place of residence, death date, and occasionally the place of birth. Since notices were frequently required to be paid for, the printed obituaries were often those of prominent planters, merchants, or political leaders of the community. Rarely is a carpenter, bricklayer, or tradesman mentioned; death records for these individuals may be found in early church and cemetery records.

With the advent of the Jacksonian revolution in the United States, reporting of obituaries became more egalitarian. Whereas eighteenth century Alexandrians were inured to death as a result of exposure to plagues and epidemics, denizens of the Victorian era penned obituaries and eulogies which were more effusive and sentimental in mood. By the latter half of the nineteenth century, the average length of the death announcement became more profuse. Often biographical sketches of the deceased would list his occupation, family members, church affiliation, and the site of interment.

Commencing in 1883 and continuing through 1915, the *Alexandria Gazette* published an alphabetical compilation of those who had died each year, including death dates, in its December 31st issue. Thus, many of the entries in this volume will be cited as 31 December. Normally the reauthor: Lindsay Brien

This applicant has met all requirements and been approved for recognition as a descendant of one of the First Families of Warren Co., Ohio.

Date: ______________________

FFWC #______________________

OBJECTIVES OF "FIRST FAMILIES OF WARREN COUNTY, OHIO":

The prime objectives of "First Families of Warren County, Ohio" are to identify and honor the earliest pioneers of this county and to give special recognition to their descendents. The research required in proving the lineages of Warren County pioneers is intended to foster and encourage interest in those early residents, -- their customs, culture, and family connections.

REQUIREMENTS FOR MEMBERSHIP:

Only members of the Warren County Genealogical Society (WCGS) may apply for membership in "First Families of Warren County, Ohio" (FFWC). Applicants must complete this application form and submit proof of

(1) Their ancestry back to a Warren Co. resident who settled here prior to January 1, 1821, and.

(2) the residence of that Warren Co. pioneer prior to January 1, 1821.

Proof of ancestry shall be in the form of copies of legal documents and other records (--see "Rules of Evidence") which clearly name the persons, their parents and spouses, the dates of the events, etc. Each generation in the direct lineage must have accompanying proof. The copies of records may be made on a copy machine, or photographed, or they may be hand-copied and then notarized, or they may be copied by officials and then certified. All documents must have a notation of their source (exact reference), and they must be submitted together in a 8½" x 11" file-folder.

Applications for membership in FFWC must be accompanied by an initial fee of $15.00. No additional charge will be made for other Warren Co. pioneers which a WCGS member may put on his list (accompanied by proof of relationship to him), --the addition being made in the original application or at a later time. An ancestor chart is required in a case where the applicant has more than one direct ancestor as a pioneer settler of Warren County.

The application papers may be typed or legibly hand-printed. Then they must be submitted, with the accompanying documents, to the "First Families" Chairman, in the Warren Co. Genealogical Society. He will thoroughly review the contents, checking for accuracy and for sufficient proof. If the papers are in order, the chairman will approve them by initialling on the first page. If he thinks further proof is needed, he will ask for it and delay approval until the additional papers have been submitted.

Final approval of membership in "First Families" will be determined by a majority vote of the WCGS Board members, upon the recommendation of the committee chairman. Public recognition may be made during a subsequent regular, or special meeting of WCGS and publication will be made of the pioneers and their descendents.

RULES OF EVIDENCE:

1. Primary or collateral evidence from vital statistics, court house or other government records, Shaker, church and school records, etc. is considered usually to be excellent proof.

2. Secondary evidence such as census records, newspaper clippings, old letters, Bible or other family records, contemporary to the facts reported, is considered almost as authentic (as #1 items). However, copies of old letters, family records, etc. can be accepted as proof only for facts the writer of the record or letter would logically know of his own first-hand knowledge, and they cannot be accepted as proof if they were hearsay from other generations or from other sources.

3. Land transactions (deeds, warrants, grants, etc.) can only be accepted as evidence of settlement in Warren Co. if the record, or a subsequent record, actually states that the individual was "of Warren County' (prior to January 1, 1821).

4. Not accepted as proof are the following: circumstantial evidence or hearsay, oral or written or published family traditions, printed or manuscript genealogies, genealogical compilations, lineage papers from patriotic or hereditary societies.

5. If a document merely implies a fact, this is not considered proof. Examples are the expressions, "heirs" and "heirs-at-law", used in some probate records. These indicate different relationships in different states, and are not necessarily proof of direct descent. They could refer to nieces, nephews, cousins, and adopted children.

6. Female ancestors must be referred to and proved by their maiden names, rather than those of their spouses.

7. Additional applications for more than one pioneer ancestor do not require duplicate information or proof. Submit an ancestor chart to show the connecting lineage. Also reference should be made to the prior application papers and the FFWC number assigned to them.
